PROFILE

Aspiring Software Developer with over 5 months of experience in learning and applying successful software development practices, developing engaging applications, analyzing and reporting on software performance, and staying up to date with the latest technologies and best practices in the field. My goal is to enhance application functionality, improve user experience, and optimize performance while delivering exceptional results and exceeding project goals

SKILLS

Node.js
React.js
Express.js
Bootstrap
MongoDB
Problem-Solving
Communication
Adaptability
Creativity
Strategic thinking

EXPERIENCE

Software development Bootcamp.
2024
During a 6-month web development bootcamp, I developed and executed projects that enhanced online presence and user engagement. I managed and optimized web applications by creating compelling content, analyzing performance metrics, and applying best practices. Collaborated with peers and mentors to integrate various technologies and strategies, achieving project goals and advancing technical skills in a fast-paced learning environment.

Megadel internship.
September 2024 – November 2024
During a 3-month internship at Megadel, I contributed to the development and execution of web projects aimed at enhancing the company's online presence. I supported the creation of engaging content, monitored and analyzed performance metrics, and applied best practices to optimize web applications. Collaborated with the development team to integrate various technologies and strategies, helping to achieve project goals and gain practical experience in a dynamic work environment.

EDUCATION

Gomycode Academy
Software development
Bootcamp.
